

Dear Grocery Store Manager,

Please consider carrying **Danish Creamery Butters** from **Challenge Dairy, Inc.** The Premium Butter is made from high-quality cream and a touch of sea salt. The European Style Butters are crafted with 85% butter fat for a richer taste. The European Style Spreadables are a perfect blend of European Style Butter and cold-pressed Extra Virgin Olive Oil or Extra Virgin Avocado Oil. Also, the new European Style Specialty Salted sticks are sold individually and made with flavorful herbs and salts.

Thank you for everything that you do!
